Nacho Average Board

How to Assemble

1. Prepare taco beef until it reaches 160 F and keep warm.
2. Set beef, queso, salsa, guacamole and sour cream in separate small bowls on a large tray.
3. Add chips in two piles. Place cheddar, jalapeños and olives in small bowls or separate sections.
4. Let everyone assemble individual nachos just before eating.

Jane's Note

Keeping wet toppings in bowls helps the chips stay crisp.
